

SONOGRAPHY CANADA AWARDS

Fellowship Award

Nomination Criteria

- Nominees must be active credentialed members of Sonography Canada at the time of nomination and appointment to Fellowship status.
- The nominee must meet the standards and professional qualifications for Fellowship.
- Must be nominated by a current active Sonography Canada member.
- Must be in full compliance with Sonography Canada membership requirements at the time of nomination and appointment.
- Nominees for Fellowship must have a minimum of five (5) years continuous active Sonography Canada membership prior to nomination and appointment.

Nomination Procedure

- Nominations must be made by a Sonography Canada member in good standing.
- Nominations must be received by Sonography Canada no later than January 31st.
- Nominations must include letters of support from two (2) additional members in good standing.

Determination of Fellowship

- The Awards Committee will review nominations to ensure that nomination criteria are met and notify qualifying nominees.
- Recommendation for Fellowship along with support documentation will be forwarded to the Sonography Board of Directors for endorsement.
- One nomination from each of the sonography disciplines will be considered per year.
- The Sonography Canada Board of Directors will make the final determination on the award of fellowship.
