Sonography Career Opportunities Southern Interior of British Columbia

“The best thing about where I work is the team environment that the ultrasound department has developed. While we are an extremely busy department, we always find time to laugh and everyone is more than willing to help out their fellow Sonographers, making it an excellent place to work.”

~ Sonja, Medical Sonographer

We are inviting General Medical and/or Cardiac Sonographers to consider Interior Health as their next best career destination. Come and join our supportive team of sonography professionals. Love what you do, love where you live, and love making a difference! Apply Today!
