

SONOGRAPHY CANADA AWARDS

Award for Outstanding Mentorship

Criteria

Each question must be answered in 250 words or less.

Instructions

Nominations must be made using the nomination form for the award from the Sonography Canada website.

Please provide specific examples in each field if applicable.

Nominees should not be mentioned by name other than in the appropriate fields of the form so that all nominations are anonymous to the judging panel of their peers.

Process for Submission

The Sonography Canada Award for Outstanding Mentorship is a nomination based award. The nominator must complete the application which is available on the Sonography Canada website.

At the submission deadline, the submissions will be reviewed by the award lead for validity. The head office will send congratulatory emails to all nominees. Nominees must accept the nomination and consent to publication of the nomination to be considered for the award.
