

INTERIOR CARDIAC SERVICES Inc.

ADULT CARDIAC SONOGRAPHER OPPORTUNITY IN BEAUTIFUL KELOWNA, BRITISH COLUMBIA

Unique opportunity in spectacular Kelowna, BC - work 2 blocks from one of the most beautiful lakes in Canada!

Position: Cardiac sonographer required immediately for dedicated outpatient adult echocardiography in a private practice setting. Negotiable scheduling and hours ranging from 0.5FTE position with additional hours available at Kelowna General Hospital or other sites across Interior British Columbia if desired. All additional work hours outside of our clinic setting will be facilitated and supported by Interior Cardiac Services Inc.

This position offers unique options for flexible hours and a fee for service payment structure that rewards productivity, initiative and innovation! Successful applicants must be comfortable working independently in a busy clinical setting.

Requirements:

- Graduate of recognized sonography training institution
- Canadian Registered Cardiac Sonographer (CRCS) designation
- Relevant experience in adult cardiac sonography/echocardiography

Equipment: Our sonographers have a dedicated Philips EPIQ 7 and reporting station supporting McKesson (CHANGE) reporting software.

Remuneration: Fee for service payment model starting at \$40/study (10 studies booked daily). Equivalent to **\$50-\$55/hr**

Support:

- Medical Office Assistants will provide all registration, patient preparation etc.
- One on one interaction with interpreting Cardiologists for support
- Continuing education and travel opportunities

Integration: All of our sonographers are integrated with the Echocardiography department at Kelowna General Hospital and (optionally) additional hospital sites across the beautiful Interior region of British Columbia!
