**CENTRE DE FERTILITÉ D'OTTAWA**

## **OTTAWA FERTILITY CENTRE**

### **RECRUITMENT ADVERTISEMENT – SONOGRAPHER**

The Ottawa Fertility Centre is recruiting for a **Permanent Casual Sonographer** to contribute to the Centre's vision to be an innovative centre in fertility care and assisted reproductive medicine to help build families. The performance of ultrasound examinations during fertility treatments and investigations is crucial to the operations of the Ottawa Fertility Centre. Accurate and consistent measurements are critical to the success of ART cycles. With this in mind the sonographer has a very important and specialized roll in the Ottawa Fertility Centre.

The Ottawa Fertility Centre is a state-of-the-art modern fertility treatment center that provides comprehensive diagnostic and treatment services to its patients. The Ottawa fertility Centre is accredited by Accreditation Canada and pursues standards of excellence in all areas of its operations. We are an equal opportunity employer and encourage staff growth and development.

The Sonographer's responsibilities include, but are not limited to:

- Performance of ultrasound examination as per the AIUM standards for gynecology and early obstetrical ultrasound
- Accurate and consistent measurement of fertility related sonographic features (follicle diameters, endometrial thickness, antral follicle counts, etc.)
- Trans-abdominal guidance for embryo transfers
- Input examination results into PACS for physician reporting
- Appropriate cleaning of endocavitary probes that is consistent with the HLD standards from CSA and CPSO

Qualifications include: Post-Secondary Degree or Diploma; Current and up-to-date CMRTO certification; Certification as RDMS (OB GYN) preferred; and Sonography Canada CRGS credential also preferred.

Experience and comfort with trans-vaginal ultrasonography; General understanding of assisted reproductive technologies (or willingness to learn); Compassion for the suffering of infertile couples; Willingness to learn about fertility related ultrasound; Strong interpersonal skills with the ability to work with a multi-disciplinary team; Analytical and problem solving skills; Ability to organize, prioritize and work independently; Ability to manage conflicting demands; Above average skills in computer applications; Ability to communicate well, both verbally and in written format; and Training abilities.

The Ottawa Fertility Centre offers a competitive compensation package.

Applicants possessing the stated qualifications are invited to submit their resume and qualifications by **4:00pm on Friday, May 17, 2019**

The Ottawa Fertility Centre
